GENERAL COURSE INFORMATION

Individual courses of instruction are subject to change or withdrawal at any time and may not be offered each trimester or every year. Any course may be withdrawn from current offerings if the number of registrants is too small to justify conducting the course. Students interested in a particular course during a particular period should inquire in advance and/or consult the Director of Academic and Student Affairs.

The Bachelor of Arts in Fashion Design and Product Development or Interior Design or the Bachelor of Science in Merchandising Marketing and Management or Information Technology is granted to students who have completed the following requirements:

A student who withdraws or is administratively withdrawn from Wade College within certain time periods of a trimester may be eligible to receive a refund for a portion of the institutional charges that were paid to Wade College for the trimester. However, if the student received financial aid (Federal grants or loans), all or a portion of the refund will be returned to the financial aid programs as follows:

1. Federal Unsubsidized Direct Loan
2. Federal Subsidized Direct Loan
3. Federal Direct PLUS Loan
4. Federal Pell Grant
5. Other Title IV Aid
6. Other Aid and/or Scholarships

The college reserves the right to apply any student payment, or any refund due to a student, to any student financial account that is in arrears.

Student Withdrawal

Any student who desires to officially withdraw from the college must report to the President's Office, and submit an official notification. Following an exit interview with the President's Office, the student will be issued a withdrawal form in order to provide written notice of intent to withdraw. The Business Office will process the withdrawal paperwork and follow the appropriate regulations for terminating the student's Federal financial aid, if any. Within 45 days of the date that official notification was provided, the student will be mailed a *Statement of Account*. In the case of withdrawal or expulsion, the student must remove all personal effects from the college and college-sponsored housing within 24 hours of termination.

Federal "Return of Title IV Aid" Policy

This policy applies to students who withdraw (officially, unofficially, or fail to return from a Leave of Absence) or are dismissed from enrollment at Wade College. It is separate and distinct from the Wade College Refund Policy contained in this catalog. The calculated amount of the "Return of Title IV Funds" that is required for students affected by this policy is determined according to the following definitions and procedures, as prescribed by regulation:

Though the student's Title IV aid may be posted to his or her account at the start of each period, the student earns the funds as he or she completes the period. If the student withdraws during his or her payment period (the college can define the payment period for the student), the amount of Title IV aid that the student has earned up to that point is determined by a specific formula. If the student received (or the college or the student's parent received on the student's behalf) less assistance than the amount that he or she earned, the student may be able to receive those additional funds. If the student received more assistance than he or she earned, the excess funds must be returned by the college and/or the student.

Wade College has 45 days from the date the institution determines that the student withdrew to return all unearned funds for which it is responsible.

The Return of Title IV Funds (R2T4) regulation does not dictate the institutional refund policy. The calculation of Title IV funds earned by the student has no relationship to the student's incurred institutional charges.

A college is required to determine the earned and unearned Title IV aid a student has earned as of the date the student ceased attendance based on the amount of time the student spent in attendance.

Withdrawal before 60%

The amount of assistance that the student has earned is determined on a pro rata basis. Wade College must perform an R2T4 within 30 days from the date the institution determines that the student withdrew to determine the amount of earned aid up through the 60% point in each payment period. The institution will use the Department of Education's prorated schedule to determine the amount of R2T4 funds the student has earned at the time of withdrawal. After the 60% point in the payment period, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period. The institution must still perform a R2T4 to determine the amount of aid that the student has earned.

Withdrawal after 60%

For a student who withdraws after the 60% point-in-time, there are no unearned funds. However, Wade College must still determine whether the student is eligible for a post-withdrawal disbursement.

Withdrawals – Official vs. Unofficial

A student who withdraws is one who either officially goes through a withdrawal from Wade College, unofficially withdraws (is administratively withdrawn), is suspended, or officially withdraws and submits it in writing to the Office of the President.

A student's withdrawal date is determined by using one of the following:

- the date the student began the institution's official withdrawal process or officially notified the institution of intent to withdraw; or
- the midpoint of the period for a student who leaves without notifying the institution; or
- the student's last date of attendance at a documented academic-related activity.

A student may rescind his or her official notification to withdraw by filing a written statement with the Office of the President that he or she is continuing to participate in academically-related activities and intends to complete the term (payment period) for which payment of Title IV funds were or would be received. The rescission of withdrawal is negated if the student subsequently ceases to attend prior to the end of the payment period. The withdrawal date then is the student's original date of withdrawal unless there is acceptable documentation showing a later date of attendance at an academically-related activity and the college chooses to use such date.

Both sides of this agreement constitute the entire *Tuition and Enrollment Agreement*.
